The Jefferson Parish Hazard Mitigation Plan is being updated through a collaborative effort with unincorporated Jefferson Parish, the cities of Gretna, Harahan, Kenner, Westwego, and the towns of Grand Isle and Jean Lafitte. A public meeting to discuss the Plan Update is scheduled for Wednesday, August 22, 2018 at the East Bank Regional Library in Metairie at 10:00 AM.

The public is invited to help identify community assets, describe natural hazards concerns, and assist in prioritizing proposed mitigation actions. For information on the HMP update process, visit our website at jeffparish.net/HMP.

An approved plan allows the Parish and participating municipalities to apply for federal funds for projects prioritized in the plan. The plan is also designed to support GOHSEP's statewide Hazard Mitigation Plan and enhance coordination efforts between local, state, and federal agencies during times of disaster.

In accordance with provisions of the American with Disabilities Act Amendments Act of 2008, as amended, Jefferson Parish shall not discriminate against individuals with disabilities on the basis of disability in its services, programs or activities. If you require auxiliary aids or devices, or other reasonable accommodation under the ADA Amendments Act, please submit your request to the ADA Coordinator at least forty-eight (48) hours in advance or as soon as practical. A seventy-two (72) hour advanced notice is required to request Certified ASL interpreters.
